

Monday Clinic—Ladies

Mondays—6:00 PM

**Ben Rotgers, PGA
Instructor**

This clinic series is designed for you if you are a beginner or high handicapper who wants to learn to play golf or build on what you already know. It is also a great way to build on your Get Golf Ready class experience!

Come as you can, this is not a something you have to commit to for an extended period of time. Ben rotates the topics so if you miss one you will find that topic coming up within a few weeks. He likes to know if you plan to come to better prepare the space, but you do not have to pre-register or commit to multiple sessions.

Have fun with a small group of ladies who are developing skill and friendships!
